STATINTL

STATINTL

A review of the [REDACTED] contracts still on the status report.

STATINTL

1. [REDACTED] Audio on film chips. [REDACTED] STATINTL

- a. Contract complete, no activity.
- b. [REDACTED] submitted a \$5905 overrun request some time ago which is under consideration. They have been told it is held in abeyance pending audit findings for contract settlement.
- c. Audit has not been conducted yet.

STATINTL

2. [REDACTED] Evaluate MkI Image Correlator. [REDACTED] STATINTL

- a. Final report submitted in July 63 and there is no present activity. paper work.
- b. [REDACTED] has submitted all contract closing activity.
- c. [REDACTED] carries \$8368 as billed but unpaid.

STATINTL

STATINTL

STATINTL

3. [REDACTED] Preliminary design of MK II Image Correlator. [REDACTED]

- a. Work was completed in July 63 and there is no present activity.

STATINTL

4. [REDACTED] Cookie Cutter. [REDACTED] STATINTL

- a. The cutter is complete and it is stored with the Mk I correlator.
- b. Contract is complete.

STATINTL

STATINTL

- 5. [REDACTED] Investigate GIANT Modification.
 - a. Contract complete, not listed on status report.
 - b. [REDACTED] is holding the GIANT for disposition instructions. They were advised in a letter about Sept. 1 that shipping instructions would be sent.

STATINTL

STATINTL

Proposals. [REDACTED] has submitted 9 proposals on which they have not received any official word. A list is attached. [REDACTED] would appreciate getting a letter on each indicating status or disposition.

Removed for action
18 Nov 63

STATINTL

STATINTL

STATINTL

There is no active work now going on at [REDACTED] and the only proposal they expect to be acted on soon is their P#431 Image Correlator Engineering Support at WDC. [REDACTED] is concerned that their proposals are not hitting the mark. [REDACTED] is not hurting for work since they have some large contracts under way for the Navy.

[REDACTED]
